

Venturing Camp at Goshen Scout Reservation

During the week of August 11-18, Goshen Scout Reservation is offering a Venturing Specialty Program, hosted by Camp Marriott. This program has been developed so that individual (provisional) Venturing youth as well as Crews may have an opportunity to complete a daily program of electives from the Ranger Award along with various Core Requirements, or, work on Venturing Outdoor Award requirements, and also to engage in many fun evening social activities with all the Venturing and specialty camp participants.

The NCAC Venturing Committee is asking for the assistance of all Venturing youth members to provide suggestions and inputs to ensure that the program areas that you would most want to participate in are offered during Venturing Camp week. The items listed on the attachment are program areas that can be provided at Venturing Camp. By indicating your areas of interest, and returning your survey to ceasler@aol.com by February 15, your responses can be used to aid in program development this year. This is an initial e:mail interest survey, developed to let YOU, our NCAC Venturing members, indicate where your interests lie and what YOU would most like to see presented during this week-long camp. Whether you plan on attending or not, your interests are important to hear about. The program can only continue to improve, and we can attract more members if we know your suggestions and can develop the areas you most want to see made available to you.

Please share this with all your crew members and let your interests and suggestions be known. We want to know what YOU want to do!
